Dear Commissioners:

The purpose of this letter is to ask you to support the efforts of The Boulders Community to get the Black Mountain Sewer Processing Plant de-commissioned.

This plant is located in our residential community. It has been continuously smelly and is noisy to operate sitting right in the middle of our community. This plant has had problems for years and previous efforts to fix the problems have failed. After giving them ample time and opportunity to fix this problem we believe that it's now time to terminate its existence.

We ask your assistance in making this happen. Thank you.

Sincerely,

Cheryl K. Kroyer
